Mr. Neil Erickson
316 Pine Street
Amherst, Mass 01002

Dear Mr. Erickson,

On April 23, 2003 I received a fax (copy enclosed) regarding your septic system located at 316 Pine Street Amherst, Mass. The letter states that due to the conditions reported during the pumping your septic system had failed.

Karl's Site Work Inc. has been in the business for over forty (40) years with an outstanding reputation. Therefore, if they stated that the system had failed I have no reason to doubt their findings.

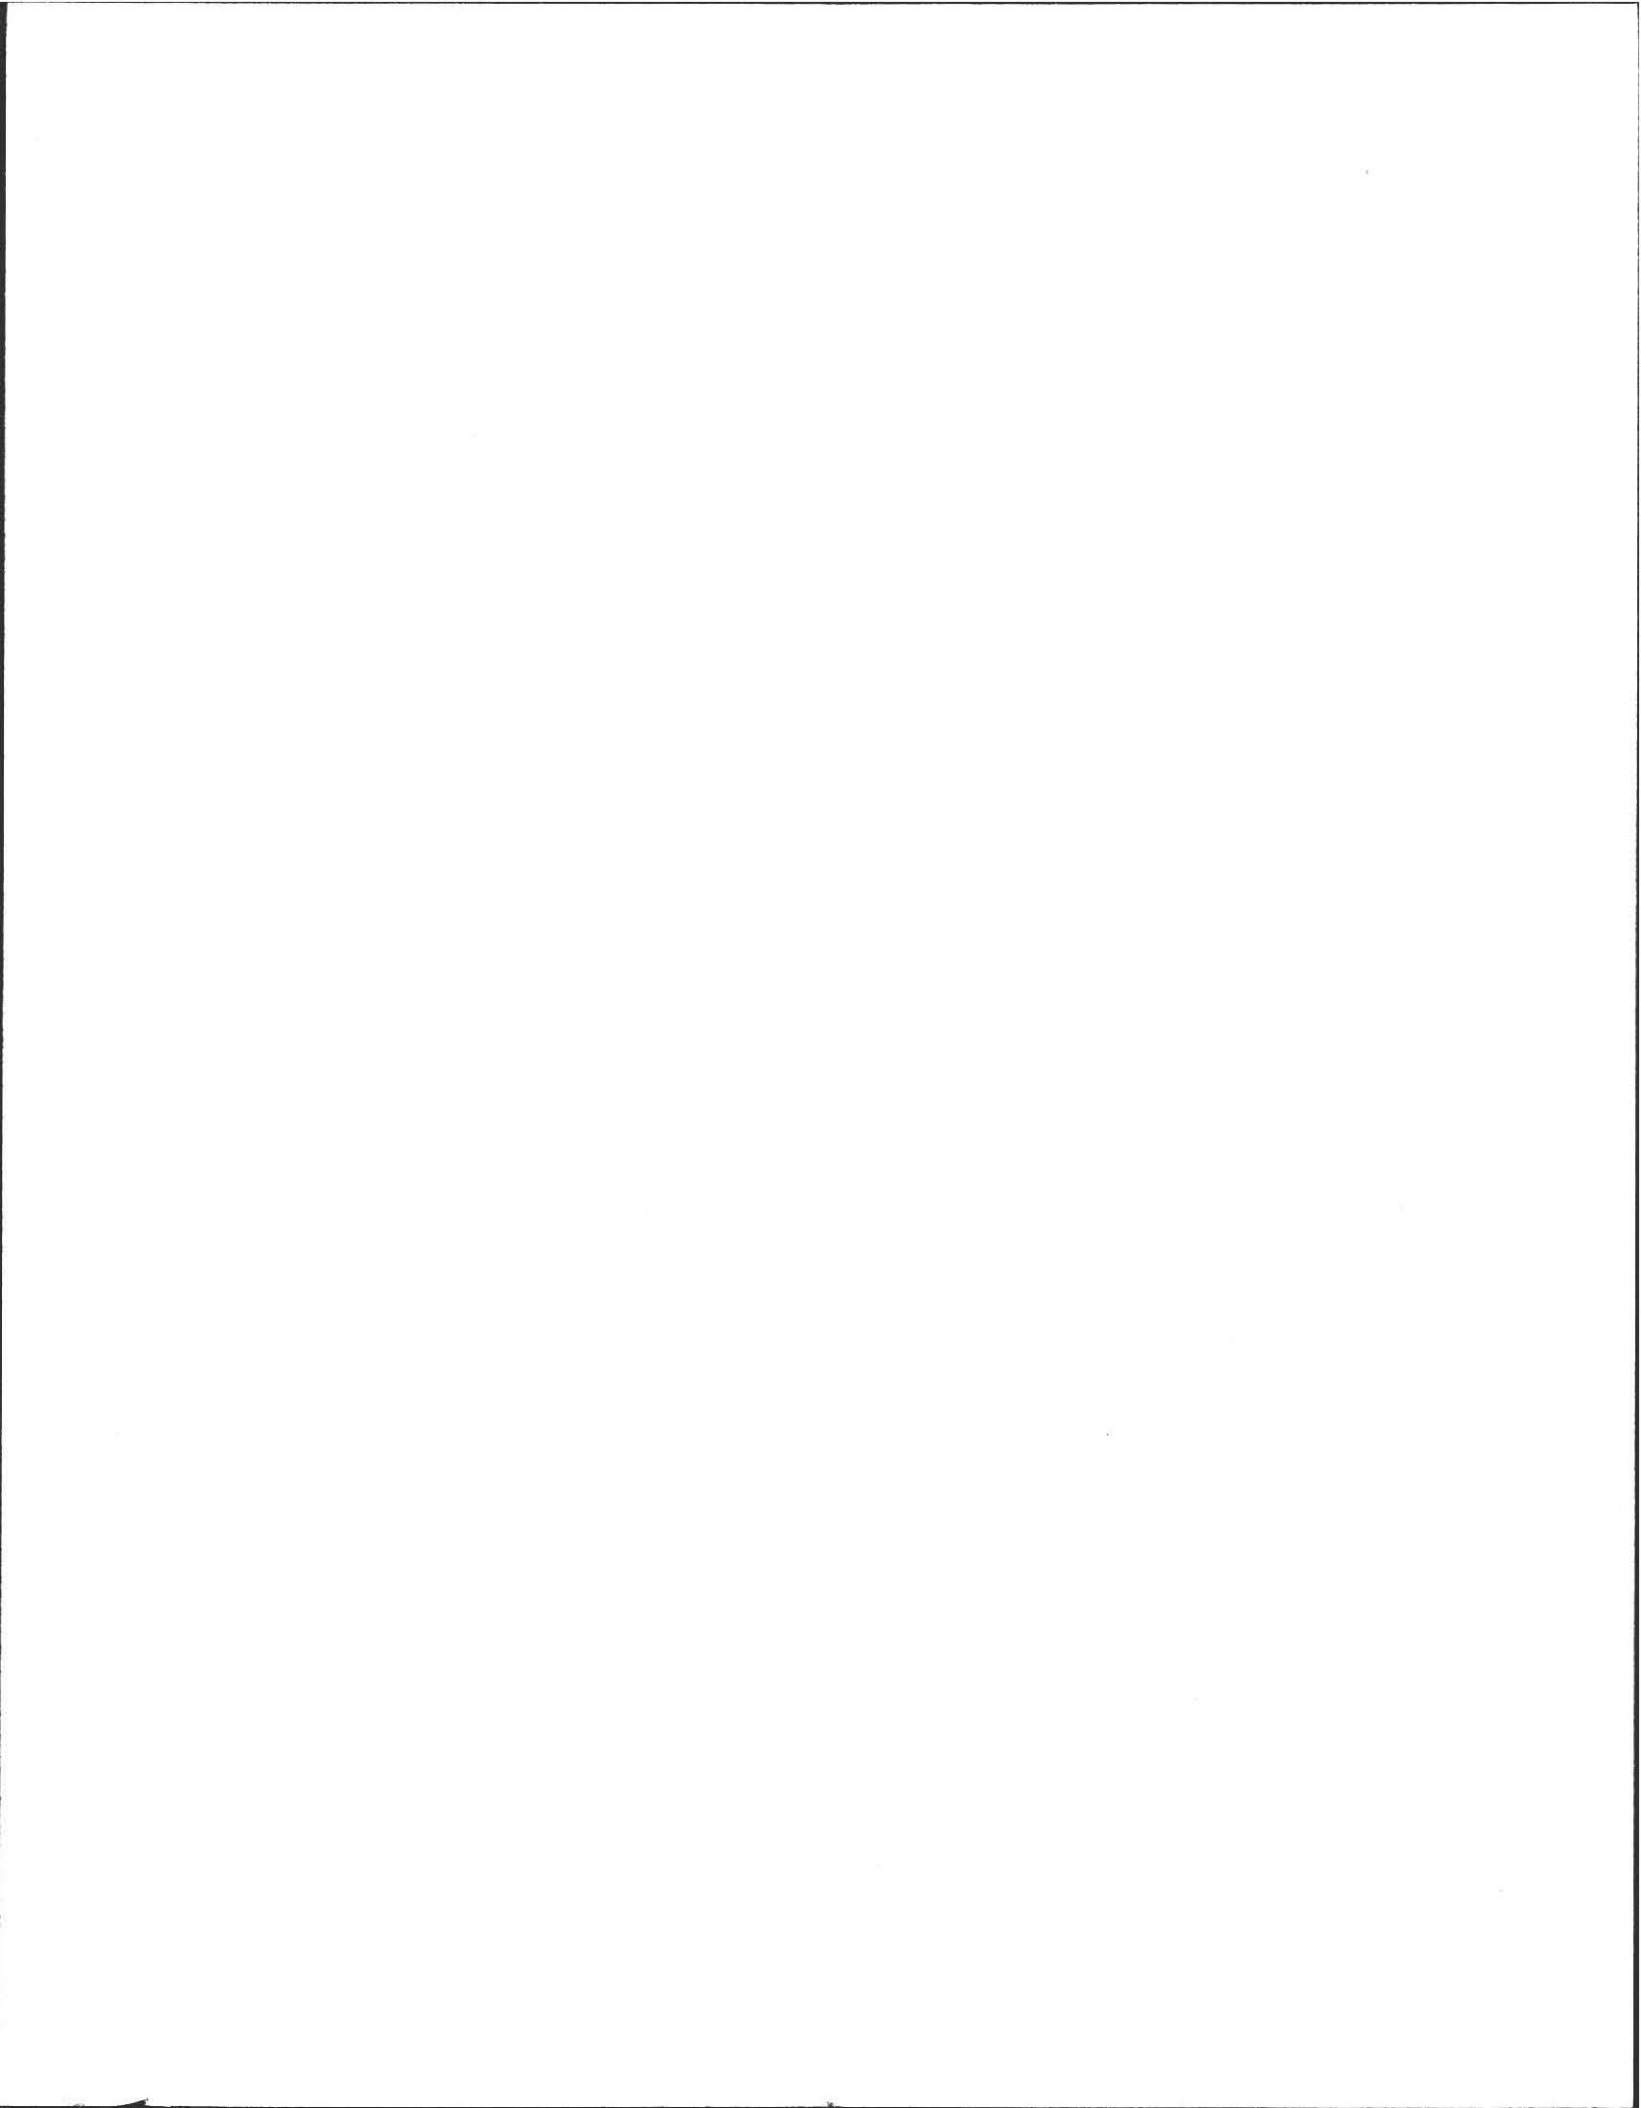

Yours truly,

David Zarozinski

Dear Dave;

This letter is in regards to the septic pumping and subsequent sewer work for Neal Erickson at 316 Pine Street in Amherst.

We pumped Mr. Erickson's septic tank on 1/4/02 and it was stated that the tank was overfull and backing up. We again pumped the tank on 4/19/02. In early May we tied Mr. Erickson into the town sewer system. Due to the conditions reported during the pumping I believe the system was failed.

Sincerely,

Steven Konieczny
