**RE: Septic System (S. tank and L. Field)
Installation Inspection
715 Station Road**

On this date, the writer inspected the installation of a **(septic tank and L. Field)**. The writer found the installation to be complete (except for completion of cover material) and in compliance with our plans and 310 CMR 15.000. The installer representative **(Paul Lussier Excavating)** and our inspection noted that the system was built & installed properly, in accordance with the state/local regulations and our plans. The contractor was requested to have sufficient soil on site and properly cover the system according to our plans and may backfill the system after review by local Health Department representatives.

Sincerely,

Cold Spring Environmental Consultants, Inc.
